

A b o u t C l u b

Established in 2008, South Mumbai United was started with an intention to increase the number of people playing this beautiful game.

Restarted in 2019, this team aims to make SMU stronger and our aim is to constantly ensure quality standards to help players develop holistically.

Our Club is registered with Mumbai District Football Association and is participating in all major tournaments of the State including State Women's League.

South Mumbai
United FC

Mission

To provide each player the opportunity to play football in a supporting and friendly environment. To create a challenging environment for talented players who aspire to reach their full potential. SMU wants to give young girls opportunities to grow.

Vision

To develop a reputation for producing well trained players with good football foundations who embody a good sporting spirit and to maintain high standards of excellence to produce future champions for the country.

Road Map

It is hoped that our investment of time and energy into providing our youth with the best possible football experience will pay dividends in the future by keeping the “SMU family” together for many years to come, whereupon the youth of today will take over the reins and guide the club to greater future success. Sponsorship funds will play a huge part in helping us to achieve this vision

South Mumbai
United FC

While catering to all age groups, the club has a huge focus on the youth contingent. They represent a large part of why the club exists. They are a most important part of what we do today and will play a vital role in where we go tomorrow as a club.

Our club now boasts:

- In the starting season our girls are nominated to play Indian Women's League.
- Over 2 teams playing in MDFA Mumbai Football League and Domestic Tournaments.
- Registered 50 players+ of 15+ years old.
- A extended, supportive community, in excess of 200 people, made up of players, parents and supporters

Our Club has a clear five year plan to elevate the club to the next level of success. The plan consists of improving the development and retention of our best players, such that there will be a greater proportion of age groups with teams at, or close to more competitive level. At the same time, with considered grading, training and development, it will offer opportunity for players at all levels to participate in a sport they enjoy.

- Drishti has played and worked for many elite academies of Mumbai.

We bring to you a unique program catering to the students aged between 5 years to 17 years.

In these formative years of the students, it is **imperative** that they participate in activities that **develop** both their **mind** and **body**.

With the increase in technology, more and more children are spending way too many hours on a sedentary lifestyle & very little time in physical activities.

We believe in the philosophy of '**Catch them Young, & watch them Grow**'. We wish to bring Football in the lives of these young cubs in the most structured and professional manner, and at an early stage in their lives.

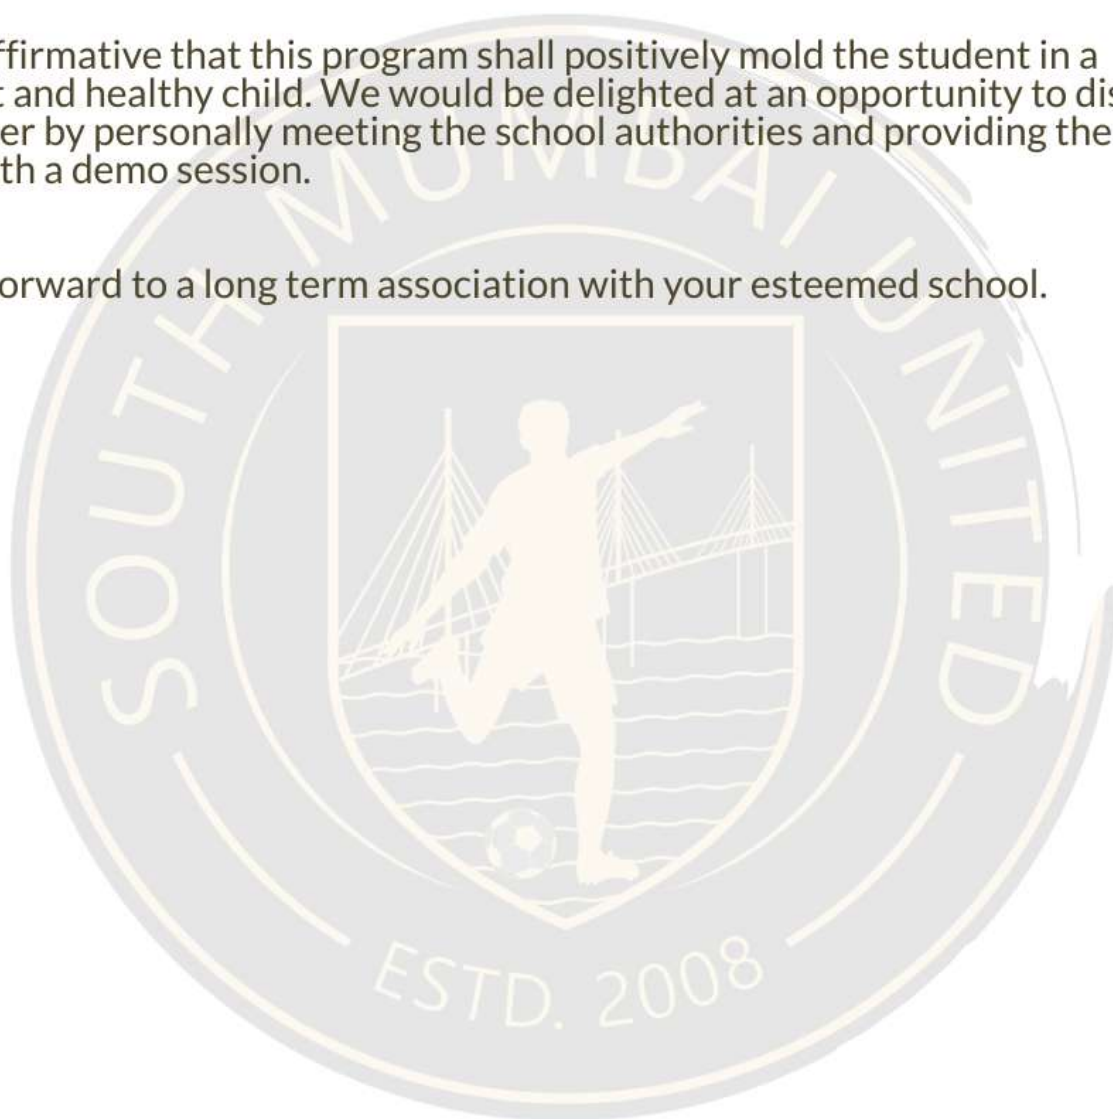

At present, very little attention is given to the game, and most of the training imparted is unorganised to say the least. We follow a step by step, structured program to coach, as well as evaluate the students.

Features	Procedure	Benefit to Student	Benefit to School
For students aged between 5 years to 17 years	The school and we work on an in-house curriculum	Development of both Soft and Hard Skills	Unique concept
Focusses on over all development of the child.	We visit the school to conduct a training session from Monday to Friday	Introduction to a team sport at a young age	Value added in-house program
Aids in physical, mental, and emotional development of the child	Session format: Warm up – Soccer Drill – Game – Cool Down	Assessment of the child's skill Development	Focussed Physical Activity as part of the Curriculum

We are affirmative that this program shall positively mold the student in a confident and healthy child. We would be delighted at an opportunity to discuss this further by personally meeting the school authorities and providing the school with a demo session.

Looking forward to a long term association with your esteemed school.
